Message from the Chief Managing Director:

It gives me immense pleasure to share a few words as the Managing Director of C.V. Raman Institute, Tupamari. Our vision has always been to uplift the underprivileged areas of our region through the power of education. By providing access to top-quality education, we aim to not only enlighten young minds but also bring lasting change to our community.

At C.V. Raman Institute, our mission goes beyond academic excellence—we are committed to increasing the literacy rate in our area and ensuring that every child has the opportunity to dream big and achieve those dreams. With this goal in mind, we have designed our programs to provide exceptional education in the science stream at a remarkably affordable cost. We believe that financial barriers should never hinder a student's aspirations to become a doctor, engineer, or pursue any other career path they are passionate about.

Thank you for believing in us and being a part of this transformative journey.

Sincerely,

Shaha Juddar Khan
